in work spaces.

Pensiamo che per progettare l'ufficio del presente sia necessario saper immaginare l'ufficio del futuro. Come cambierà il layout degli spazi, in che modo il design può aiutare le evoluzioni del business e rispondere alle esigenze dei collaboratori? Che ruolo avrà la spinta digitale nel ridefinire il concetto stesso di workspace?

Per rispondere a queste domande, abbiamo messo al centro le persone, le loro caratteristiche e necessità professionali.

Molti studi sostengono che le persone sono più produttive e felici quando lavorano in un ambiente piacevole che favorisca lo scambio e il dialogo.

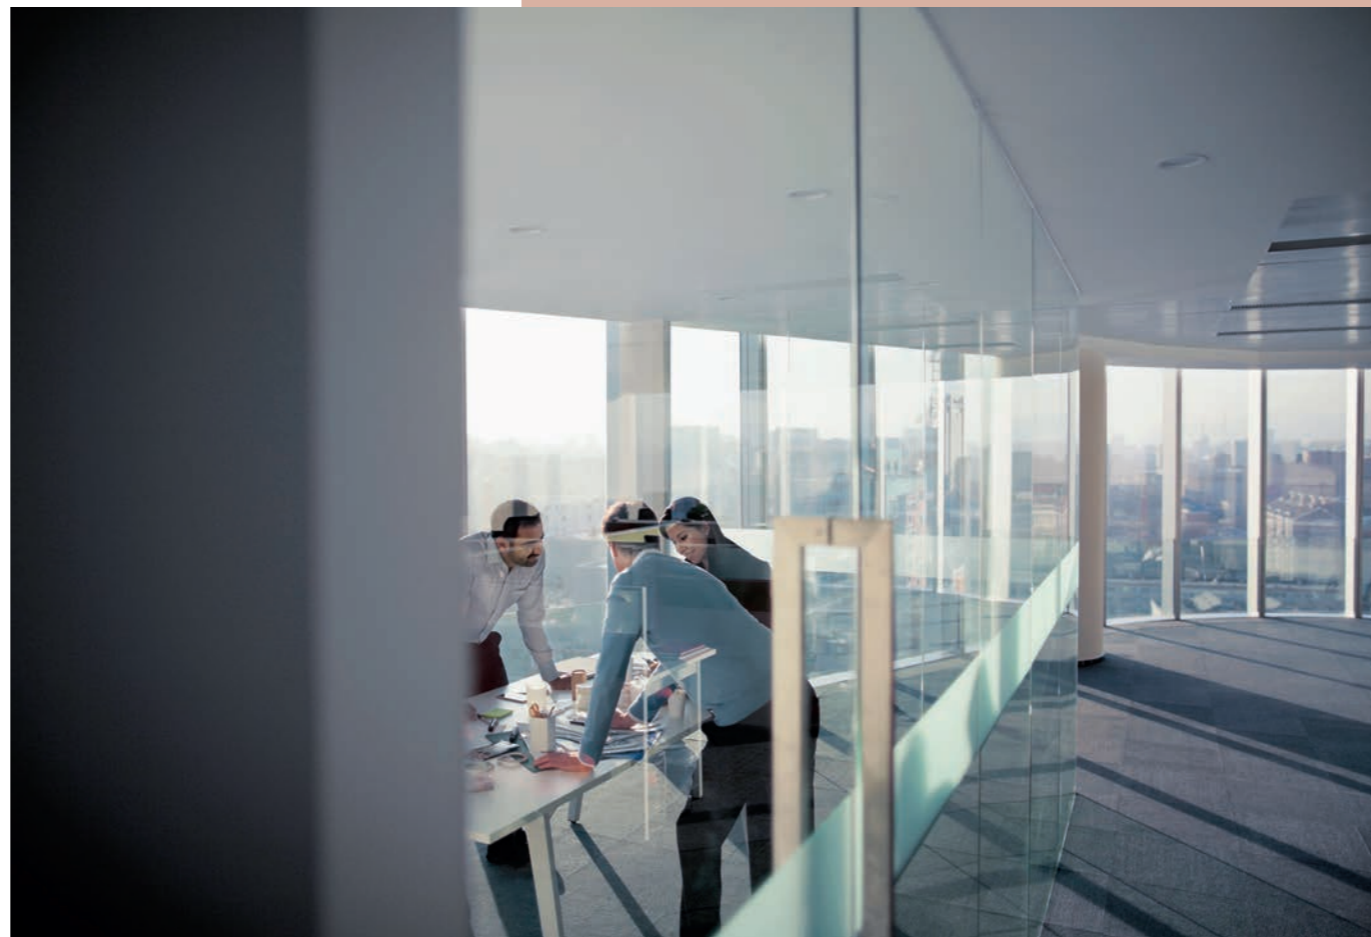

Per questo i prodotti SITLOSOPHY® sono pensati, progettati e realizzati con l'obiettivo di creare luoghi di lavoro innovativi, dove le idee nascono, i business crescono e le relazioni si approfondiscono. Luoghi dove lavorare, imparare, incontrarsi – e molto altro.

We think that, in order to design the office of the present it is necessary to be able to imagine the office of the future. How will the layout of the spaces change, how can design help business evolve and respond to the needs of collaborators? What role will the digital evolution play in redefining the very concept of workspace?

To answer these questions, we put people, their characteristics and professional needs at the center. Many studies claim that people are more productive and happier when they work in a pleasant environment that encourages exchange and dialogue.

This is why SITLOSOPHY® products are conceived, designed and manufactured with the aim of creating innovative workplaces, where ideas are born, businesses grow and relationships deepen. Places to work, learn, meet – and much more.

Nous pensons que pour concevoir le bureau du présent il faut pouvoir imaginer le bureau du futur. Comment va évoluer l'agencement des espaces, comment le design peut-il aider les entreprises se développer et répondre aux besoins des collaborateurs ? Quel rôle jouera l'évolution numérique dans la redéfinition du concept même d'espace de travail?

Pour répondre à ces questions, nous mettons les personnes, leurs caractéristiques et leurs besoins professionnels au centre. De nombreuses études soutiennent que les gens sont plus productifs et heureux lorsqu'ils travaillent dans un environnement agréable qui favorise l'échange et le dialogue.

C'est pourquoi les produits SITLOSOPHY® sont conçus, pensés et fabriqués dans le but de créer des lieux de travail innovants, où les idées naissent, les entreprises se développent et les relations s'approfondissent. Des lieux pour travailler, apprendre, se rencontrer – et bien plus encore.

SITLOSOPHY®

a new sitting philosophy.

Pensiamo che il valore di un oggetto si esprima sia attraverso il design sia attraverso la filosofia che lo ispira, e che la scelta della seduta abbia un ruolo fondamentale nella progettazione degli spazi: concentrarsi, incontrarsi o rilassarsi sono attività che richiedono un design e una filosofia diversi.

SITLOSOPHY® è un'esperienza sinestesica che coinvolge tutti i sensi. La vista nella scelta dei colori, che rilassano, danno energia o favoriscono la concentrazione. L'udito tramite forme e materiali che generano una riduzione dell'impatto acustico, soprattutto nei divani phone booth. Il tatto: la seduta è a diretto contatto con il nostro corpo e la scelta del rivestimento trasmette sensazioni che influenzano lo stato d'animo.

SITLOSOPHY® è espressione del meglio della manifattura italiana. La realizzazione delle sedute si deve a maestranze altamente qualificate, che garantiscono qualità totale e attenzione ai dettagli. L'incremento dei volumi di produzione non ha scalfito l'importanza della sartorialità nella realizzazione dei manufatti, qualità che contraddistingue il vero made in Italy.

We think that the value of an object is expressed both through design and through the philosophy that inspires it, and that the choice of the seat plays a fundamental role in the design of spaces: concentrating, meeting or relaxing are activities that require a design and a philosophy different for each one of them.

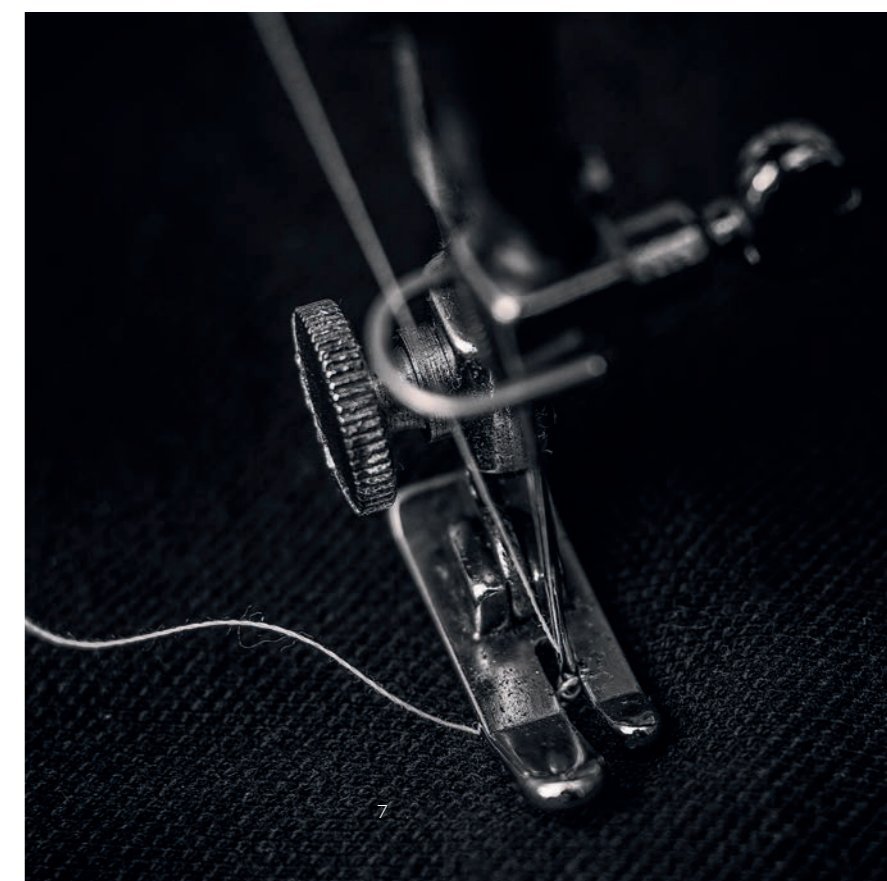

SITLOSOPHY® is a synaesthetic experience that involves all the senses. The sight: in the choice of colors, which relax, energize or promote concentration. The hearing: through shapes and materials that generate a reduction in the acoustic impact, especially in phone booth sofas. The touch: the seat is in direct contact with our body and the choice of upholstery conveys sensations that influence the mood.

SITLOSOPHY® is an expression of the best of Italian manufacturing. The creation of the seats, thanks to highly qualified workers, guarantees total quality and attention to detail. The increase in production volumes has not affected the importance of tailoring in the creation of products, a quality that distinguishes the true «made in Italy».

Nous pensons que la valeur d'un objet s'exprime à la fois par le design et par la philosophie qui l'inspire, et que le choix de l'assise joue un rôle fondamental dans la conception des espaces: se concentrer, se réunir ou se détendre sont des activités qui nécessitent un design et une philosophie différents.

SITLOSOPHY® est une expérience synesthésique qui implique tous les sens. La vue dans le choix des couleurs, qui détendent, dynamisent ou favorisent la concentration. Le sens de l'écoute à travers des formes et des matériaux qui génèrent une réduction de l'impact acoustique, en particulier dans les canapés phone booth. Le toucher: l'assise est en contact direct avec notre corps et le choix du revêtement transmet des sensations qui influencent l'humeur.

SITLOSOPHY® est l'expression du meilleur de la fabrication italienne. La création des sièges est confiée à des ouvriers hautement qualifiés, qui garantissent une qualité totale et l'attention aux détails. L'augmentation des volumes de production n'a pas affecté l'importance de la couture dans la création des produits, une qualité qui distingue le vrai «made in Italy».

An ethical and sustainable design

Research into design, attention to detail and respect for the environment have always been the basis of all SITLOSOPHY® seating projects. Each new model comes from the collaboration between the internal research group and professional designers, able to combine and synthesize originality, aesthetic appeal and ergonomics.

The design of the seat makes it recognizable and is a source of inspiration for designers in finding new solutions for setting up spaces. The form is all the more effective the more it helps those who use the space to exploit its full potential. In a context of sudden and constant evolution, flexibility and modularity constitute an added value, because they allow the space to be redesigned according to the activities to be carried out in it.

The ethics of sustainability are reflected in the choice of materials used, which are of high quality and have a low environmental impact. In recent years, the selection of suppliers has favored wood from responsibly managed forests, fabrics and plastic elements derived from recycled or easily recyclable materials.

Un design éthique et durable

La recherche du design, le souci du détail et le respect de l'environnement ont toujours été à la base de tous les projets de sièges SITLOSOPHY®. Chaque nouveau modèle est le fruit de la collaboration entre le groupe de recherche interne et des designers professionnels, capables de combiner et de synthétiser l'originalité, l'esthétique et l'ergonomie.

Le design du siège le rend reconnaissable et est une source d'inspiration pour les designers dans la recherche de nouvelles solutions pour aménager les espaces. La forme est d'autant plus efficace qu'elle aide ceux qui utilisent l'espace à en exploiter tout le potentiel. Dans un contexte d'évolution soudaine et constante, la flexibilité et la modularité constituent une valeur ajoutée, car elles permettent de repenser l'espace en fonction des activités à réaliser.

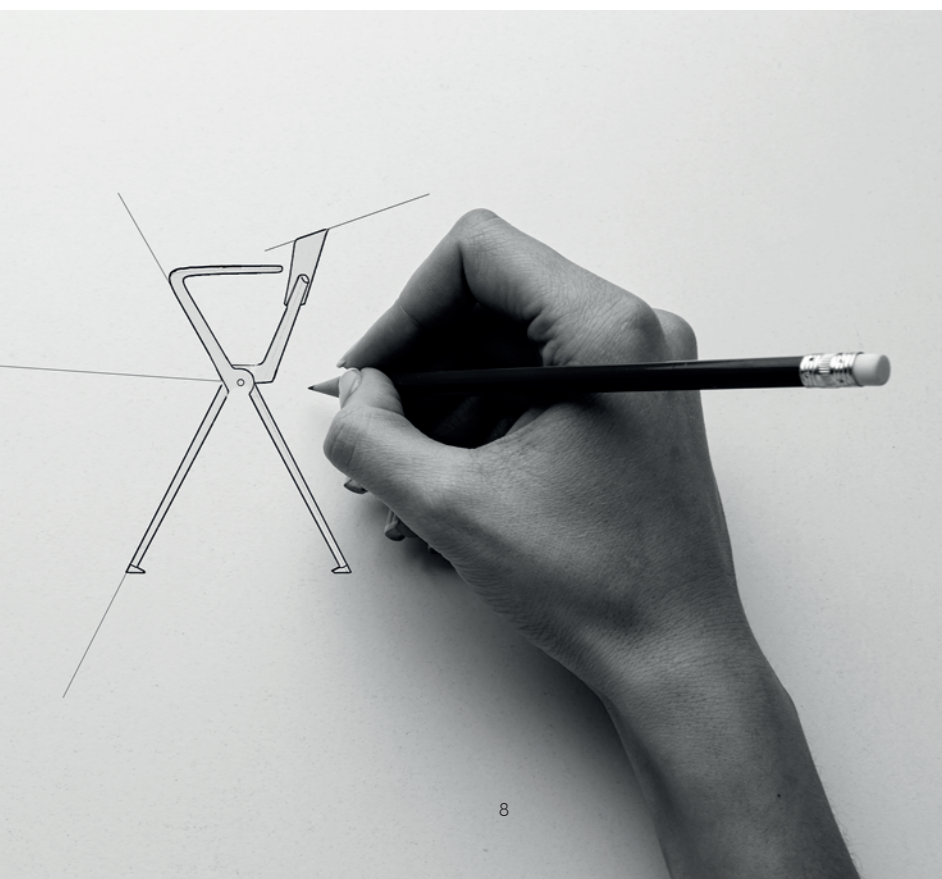

L'éthique de la durabilité se reflète dans le choix des matériaux utilisés, qui sont de qualité et ont un faible impact environnemental. Ces dernières années, la sélection des fournisseurs a privilégié le bois issu de forêts gérées de manière responsable, les tissus et éléments plastiques issus de matériaux recyclés ou facilement recyclables.

Un design etico e sostenibile

La ricerca del design, la cura dei dettagli e il rispetto dell'ambiente sono da sempre alla base di tutti i progetti delle sedute SITLOSOPHY®. Ogni nuovo modello nasce dalla collaborazione fra il gruppo di ricerca interno e designer professionisti, in grado di coniugare e sintetizzare originalità, gradevolezza estetica ed ergonomia.

Il design della seduta la rende riconoscibile ed è fonte di ispirazione per i progettisti nel trovare nuove soluzioni di allestimento degli spazi. La forma è tanto più efficace quanto più aiuta chi usa lo spazio a sfruttarne tutte le potenzialità. In un contesto di repentina e costante evoluzione, la flessibilità e la modularità costituiscono un valore aggiunto, perché permettono di ridisegnare lo spazio in base alle attività da svolgere.

L'etica della sostenibilità si concretizza nella scelta dei materiali impiegati, che sono di qualità e a basso impatto ambientale. Negli ultimi anni, la selezione dei fornitori ha privilegiato legno da foreste gestite in modo responsabile, tessuti ed elementi plastici derivati da materiali riciclati o facilmente riciclabili.

Una qualità certificata

A certified quality

Une qualité certifiée

SITLOSOPHY® s’impegna per la qualità e la sostenibilità. È certificata secondo lo standard di qualità **ISO 9001** che ha lo scopo di ottimizzare i processi aziendali migliorando l’efficienza della produzione e del servizio offerto. La certificazione **ISO 45001** attesta l’attenzione alla salute e alla sicurezza dei lavoratori. L’attenzione all’ambiente è testimoniata dalla certificazione **ISO 14001**, che mantiene sotto controllo l’impatto ambientale di tutte le attività che coinvolgono la produzione. La certificazione **FSC®** garantisce che i prodotti marchiati siano realizzati con legno proveniente da foreste con una gestione ambientale adeguata, socialmente utile ed economicamente sostenibile. SITLOSOPHY® ha ottenuto nel 2020 il premio **FSC® Italia Furniture Award 2020** nella sezione collettività. Cerca i prodotti certificati **FSC®**.

SITLOSOPHY® is committed to quality and sustainability. It is certified according to the **ISO 9001** quality standard which aims to optimize business processes by improving the efficiency of production and the service offered. **ISO 45001** certification attests attention to the health and safety of workers. Attention to the environment is evidenced by the **ISO 14001** certification, which keeps the environmental impact of all activities involving production under control. The **FSC®** certification guarantees that the branded products are made with wood from forests with adequate environmental management, socially useful and economically sustainable. SITLOSOPHY® obtained the **FSC® Italia Furniture Award 2020** in the community section in 2020. Look for **FSC®** certified products.

SITLOSOPHY® s’engage pour la qualité et la durabilité. L’entreprise est certifiée selon la norme de qualité **ISO 9001** qui vise à optimiser les processus commerciaux en améliorant l’efficacité de la production et le service offert. La certification **ISO 45001** atteste de l’attention réservée à la santé et à la sécurité des travailleurs. L’attention portée à l’environnement est attestée par la certification **ISO 14001**, qui maintient l’impact environnemental de toutes les activités impliquant la production sous contrôle. La certification **FSC®** garantit que les produits de la marque sont fabriqués avec du bois issu de forêts avec une gestion environnementale adéquate, socialement utile et économiquement durable. SITLOSOPHY® a obtenu le **FSC® Italia Furniture Award 2020** dans la section communautaire en 2020. Recherchez des produits certifiés **FSC®**.

La sicurezza delle sedute SITLOSOPHY® è garantita innanzitutto dai **certificati di prodotto** emessi dai principali laboratori internazionali, che eseguono test sulla sicurezza e durabilità delle sedute e dei materiali impiegati. Nell’ambito della sicurezza e prevenzione incendi, gran parte dei modelli sono in possesso dell’**Omologazione Ministeriale classe 1IM** ottenuta presso il Ministero degli Interni VVFF, che permette l’impiego delle collezioni in vari contesti per quali sono previsti requisiti specifici di reazione al fuoco. In ambito normativo, facciamo parte della commissione tecnica dell’**UNI**, l’Ente Nazionale Italiano di Unificazione che elabora e pubblica norme tecniche volontarie facendosi promotore di innovazione e garantendo l’adeguamento costante della produzione agli standard qualitativi internazionali.

The safety of SITLOSOPHY® chairs is first of all guaranteed by the **product certificates** issued by renowned international laboratories, which perform tests on the safety and durability of the chairs and the materials used. In the field of safety and fire prevention, most of the models are in possession of the **Ministerial Homologation class 1IM** obtained from the Ministry of the Interior VVFF, which allows the use of the collections in various contexts for which specific fire reaction requirements are needed. In the regulatory field, we are part of the technical commission of **UNI**, the Italian National Unification Body that elaborates and publishes voluntary technical standards, promoting innovation and ensuring the constant adaptation of production to international quality standards.

La sécurité des chaises SITLOSOPHY® est tout d’abord garantie par les **certificats produits** délivrés par les principaux laboratoires internationaux, qui effectuent des tests sur la sécurité et la durabilité des chaises et des matériaux utilisés. Dans le domaine de la sécurité et de la prévention incendie, la plupart des modèles sont en possession de l’**Homologation Ministérielle classe 1IM** obtenue du Ministère de l’Intérieur VVFF, qui permet l’utilisation des collections dans divers contextes pour lesquels des exigences spécifiques de réaction au feu sont demandées. Dans le domaine réglementaire, nous faisons partie de la commission technique d’**UNI**, l’organisme national d’unification italien qui élabore et publie des normes techniques volontaires, promouvant l’innovation et assurant l’adaptation constante de la production aux normes internationales de qualité.

Accanto ai progettisti

SITLOSOPHY® è partner dei progettisti che arredano spazi di lavoro o collettivi. Per agevolare il loro lavoro, nell'area riservata del portale sono disponibili le **librerie CAD** in vari formati per la stesura di progetti foto realistici.

SITLOSOPHY® è presente su **pCon Planner**, il software per configurare i prodotti e con cui realizzare progetti di interior design in modo intuitivo anche tramite tablet o smartphone.

Per alcuni modelli sono disponibili anche le **librerie BIM** native, create per facilitare l'inserimento delle collezioni all'interno di progetti realizzati tramite software di Building Information Modeling come Archicad.

Alongside the designers

SITLOSOPHY® is a partner of designers who furnish workspaces or collective spaces. To facilitate their work, the **CAD libraries** in various formats are available in the private area of the website allowing the creation of realistic photo projects.

SITLOSOPHY® is present on **pCon Planner**, the software for configuring products and with which to create interior design projects in an intuitive way, also via tablet or smartphone.

For some models, native **BIM libraries** are also available, created to facilitate the inclusion of collections within projects created using Building Information Modeling software such as Archicad.

A' côté des créateurs

SITLOSOPHY® est le partenaire des designers qui aménagent des espaces de travail ou collectifs. Pour faciliter leur travail, les **bibliothèques CAD** sous divers formats sont disponibles dans l'espace réservé du portail pour la rédaction de projets photo réalistes.

SITLOSOPHY® est présent sur **pCon Planner**, le logiciel de configuration des produits avec lequel créer des projets de décoration d'intérieur de manière intuitive aussi via tablette ou smartphone.

Pour certains modèles, des bibliothèques **BIM natives** sont également disponibles, créés pour faciliter l'inclusion de collections dans des projets créés à l'aide d'un logiciel de modélisation des informations du bâtiment tel qu'Archicad.

Distribuzione

Le sedute SITLOSOPHY® sono distribuite in oltre **80 paesi nel mondo**. Grazie ad accordi stretti con i più importanti partner logistici, riusciamo a garantire una distribuzione capillare su tutto il territorio nazionale, in Europa e nel Mondo, con una tracciatura del trasporto durante tutto il suo percorso.

Distribution

SITLOSOPHY® chairs are distributed in more than **80 countries around the world**. Thanks to close agreements with the most important logistic partners, we guarantee a capillary distribution throughout the national, European and world territory, with a tracking of the transport throughout the journey.

Distribution

Les chaises SITLOSOPHY® sont distribuées dans plus de **80 pays à travers le monde**. Grâce à des accords avec les partenaires logistiques les plus importants, nous garantissons une distribution étendue sur tout le territoire national, européen et mondial, avec un suivi du transport tout au long du trajet.

METROPOLITAN

METROPOLITAN

DESIGN: EDI & PAOLO CIANI DESIGN

/,metrə'politən/

Poltrona direzionale per l'ufficio moderno disegnata da Edi & Paolo Ciani, Metropolitan unisce un comfort di alto livello a un design minimal e contemporaneo, integrando le soluzioni tecnologiche più avanzate. La seduta, con o senza poggiatesta, si abbina a diverse basi che assicurano sempre il massimo comfort all'utilizzatore: la base in nylon o alluminio con ruote è ideale in ufficio, mentre la base con razze o a disco è più adatta agli spazi d'attesa o alla sala riunioni.

Executive chair for a modern office, designed by Edi & Paolo Ciani, Metropolitan combines high-level comfort with a minimal and contemporary design, integrating the most advanced technological solutions. This armchair - with or without headrest - is coupled with different bases, always ensuring maximum comfort for the user: nylon or aluminum base with castors is ideal for the office, while a base with spokes or disc is more suitable for waiting and meeting rooms.

Fauteuil de direction pour le bureau moderne conçu par Edi & Paolo Ciani, Metropolitan combine un confort de haut niveau avec un design minimal et contemporain, intégrant les solutions technologiques les plus avancées. L'assise, avec ou sans appuie-tête, peut être associée à différentes bases qui assurent toujours un maximum de confort à l'utilisateur: la base en nylon ou en aluminium à roulettes est idéale pour le bureau, tandis que la base à rayons ou à disque est plus appropriée aux espaces d'attente ou aux salles de réunion.

MAXIMA

/'maksimə/

Design d'impatto, dimensioni generose e massima funzionalità: Maxima è una poltrona di prestigio pensata per diventare protagonista dell'ufficio direzionale. Lo schienale alto con poggiatesta e i braccioli leggermente curvi assicurano un ottimo comfort durante l'uso. È disponibile con schienale liscio o con cuciture a vista, per uno stile più classico. La versione visitatore è proposta con base a disco o a quattro razze.

Stunning design, generous size and top functionality: Maxima is a prestigious armchair designed to become the main player in the executive office. The high backrest with headrest and the slightly curved armrests grants an excellent comfort. It is available with a plain backrest or with stitching details, for a more classic style. The visitor version is available on a disc or a four-star base.

Design impressionnant, dimensions généreuses et fonctionnalité optimale: Maxima est un fauteuil prestigieux conçu pour devenir le protagoniste du bureau exécutif. Le dossier haut avec appuie-tête et les accoudoirs légèrement incurvés assurent un excellent confort d'utilisation. Disponible avec dossier lisse ou avec coutures apparentes, pour un style plus classique. La version visiteur est disponible avec un socle à disque ou à quatre branches.

HAIKU

/ 'haiku: /

Haiku è una poltrona direzionale dall'aspetto dinamico che assicura un comfort totale. Merito dei meccanismi performanti e degli elementi dalla forma avvolgente, che accolgono l'utilizzatore sia nei momenti di lavoro sia in quelli di relax.

Haiku is a dynamic-looking executive armchair which ensures a total comfort. Thanks to its high-performance mechanisms and elements with a peculiar embracing shape, the user is harbored both in moments of work and in those of relax.

Haiku est un fauteuil de direction au look dynamique qui assure un confort total. Ceci grâce aux mécanismes performants et aux éléments à la forme enveloppante, qui accueillent l'utilisateur aussi bien dans les moments de travail que dans ceux de détente.

Una poltrona elegante dal design avvolgente per chi da una poltrona direzionale si aspetta più del semplice comfort. La scocca esterna è in legno di rovere, mentre l'imbottitura si può rivestire in tessuto o in una delle pregiate pelli a catalogo.

An elegant armchair with an embracing design for those who expect more than just comfort from an executive chair. The outer shell is made of oak wood, while its padding can be upholstered in fabric or any of the precious leathers from our chart.

Un fauteuil élégant au design enveloppant pour ceux qui attendent plus que du confort d'un fauteuil de direction. La coque externe est en bois de chêne, tandis que le rembourrage peut être recouvert des tissus ou des cuirs précieux du catalogue.

ADMIRAL

/ 'ædmərəl /

Linee essenziali, ergonomia, finiture di pregio. Admiral è la poltrona direzionale per eccellenza, quella che ognuno vorrebbe nel proprio ufficio. Completamente imbottita, ha uno schienale avvolgente con braccioli integrati, da portare nella posizione desiderata grazie al meccanismo sincron. La scelta delle finiture permette di collocarla sia in ambienti classici sia in contesti contemporanei.

Essential lines, ergonomics, fine finishes. Admiral is the executive chair par excellence, something everyone would like to have in one's office. Fully padded, an embracing backrest with embodied armrests, leading to the desired position thanks to its synchron mechanism. A choice of finishes enables a suitable placement in both classic and contemporary environments.

Lignes essentielles, ergonomie, finitions soignées. Admiral est le fauteuil président par excellence, celui que tout le monde voudrait dans son bureau. Entièrement rembourré, avec un dossier enveloppant et accoudoirs intégrés, à conduire dans la position souhaitée grâce au mécanisme synchron. Le choix des finitions lui permet de se placer aussi bien dans des décors classiques que contemporains.

OMNIA

/om-ni:æ/

Omnia è una poltrona direzionale dal piglio contemporaneo. Il particolare concetto costruttivo la rende unica grazie a un perfetto equilibrio tra pieni e vuoti, con la particolare congiunzione tra braccioli in metallo e lo schienale a effetto sospeso.

Omnia is an executive chair with a contemporary look. The special design concept makes it unique thanks to a perfect balance between full and empty spaces, with the peculiar junction between metal armrests and backrest, with a "suspended" effect.

Omnia est un fauteuil de direction au look contemporain. Le concept de construction particulier le rend unique grâce à un équilibre parfait entre les espaces pleins et vides, avec la conjonction spéciale entre les accoudoirs en métal et le dossier à effet suspendu.

SHINE

direzionali executive

work spaces

SHINE

SHINE

/'ʃaɪn/

Nella poltrona direzionale Shine, la tecnica è protagonista. La struttura in alluminio pressofuso lucido, lo schienale leggero e traspirante in rete e la presenza di meccanismi performanti contribuiscono ad acuire l'aspetto professionale di questa seduta.

In Shine executive chair, technique is the protagonist. The polished die-cast aluminum structure, the light breathable mesh backrest and the high-performance mechanisms help to enhance the professional appearance of this seat.

Dans le fauteuil de direction Shine, la technique est protagoniste. Sa structure en aluminium poli moulé sous pression, son dossier en résille légère et respirante et ses mécanismes performants contribuent à rehausser l'aspect professionnel de ce siège.

SYNCRONET

/sɪŋkrəʊ nɛt/

Poltrona direzionale ispirata alla massima semplicità, Synchronet è caratterizzata dalla struttura in acciaio a vista e dallo schienale in rete bianca o nera. Due le possibilità per i braccioli: regolabili con pad scorrevole oppure nell'esclusivo design a nastro. Il sedile è imbottito per il massimo comfort.

A managerial armchair devoted to the utmost simplicity, Synchronet is featured with its exposed steel structure and the backrest in white or black mesh. Two options for the armrests: adjustable with a sliding pad or in the exclusive ribbon design. The seat is padded for maximum comfort.

Fauteuil directionnel dévoué à une simplicité maximale, Synchronet se caractérise par la structure apparente en acier et le dossier en résille blanche ou noire. Deux options pour les accoudoirs: réglables avec manchettes coulissantes ou avec le design exclusif à ruban. Le siège est rembourré pour un confort optimale.

TAIT
/'teit/

Poltrona direzionale dalle forme squadrate, Tait si contraddistingue per le cuciture orizzontali dello schienale. Sedile extracomodo, braccioli regolabili e basi in finitura alluminio lucido o nylon nero completano una seduta funzionale dallo stile universale.

A managerial armchair with square lines, Tait stands out for the horizontal stitching of its backrest. Extremely comfortable seat, adjustable armrests and bases in glossy aluminum or black nylon finish complete a functional chair with a universal style.

Fauteuil directionnel aux formes carrées, Tait se distingue par les coutures horizontales du dossier. L'assise extra-confortable, les accoudoirs réglables et les bases en finition aluminium poli ou nylon noir complètent un siège fonctionnel au style universel.

PROGRESS

/ˈprəʊgrɛs/

Poltrona pensata per l'ufficio moderno, Progress ha una forma slanciata e un aspetto dinamico dovuto alla particolare barra di supporto in metallo. È completamente regolabile - dal poggiatesta ai braccioli, dall'altezza alla profondità del sedile.

Armchair designed for the modern office, Progress has a slender shape and a dynamic appearance due to the particular metal backrest support bar. It is fully adjustable - from headrest to armrests, from height to seat depth.

Fauteuil conçu pour le bureau moderne, Progress a une forme élancée et un aspect dynamique grâce à la barre de soutien du dossier en métal. Entièrement réglable - de l'appui-tête aux accoudoirs, de la hauteur à la profondeur de l'assise.

<i>MIRAI 24</i>	85
NAMI	86

KILIG

/kili:g/

DESIGN: PAOLO SCAGNELLATO & JEREMIAH FERRARESE

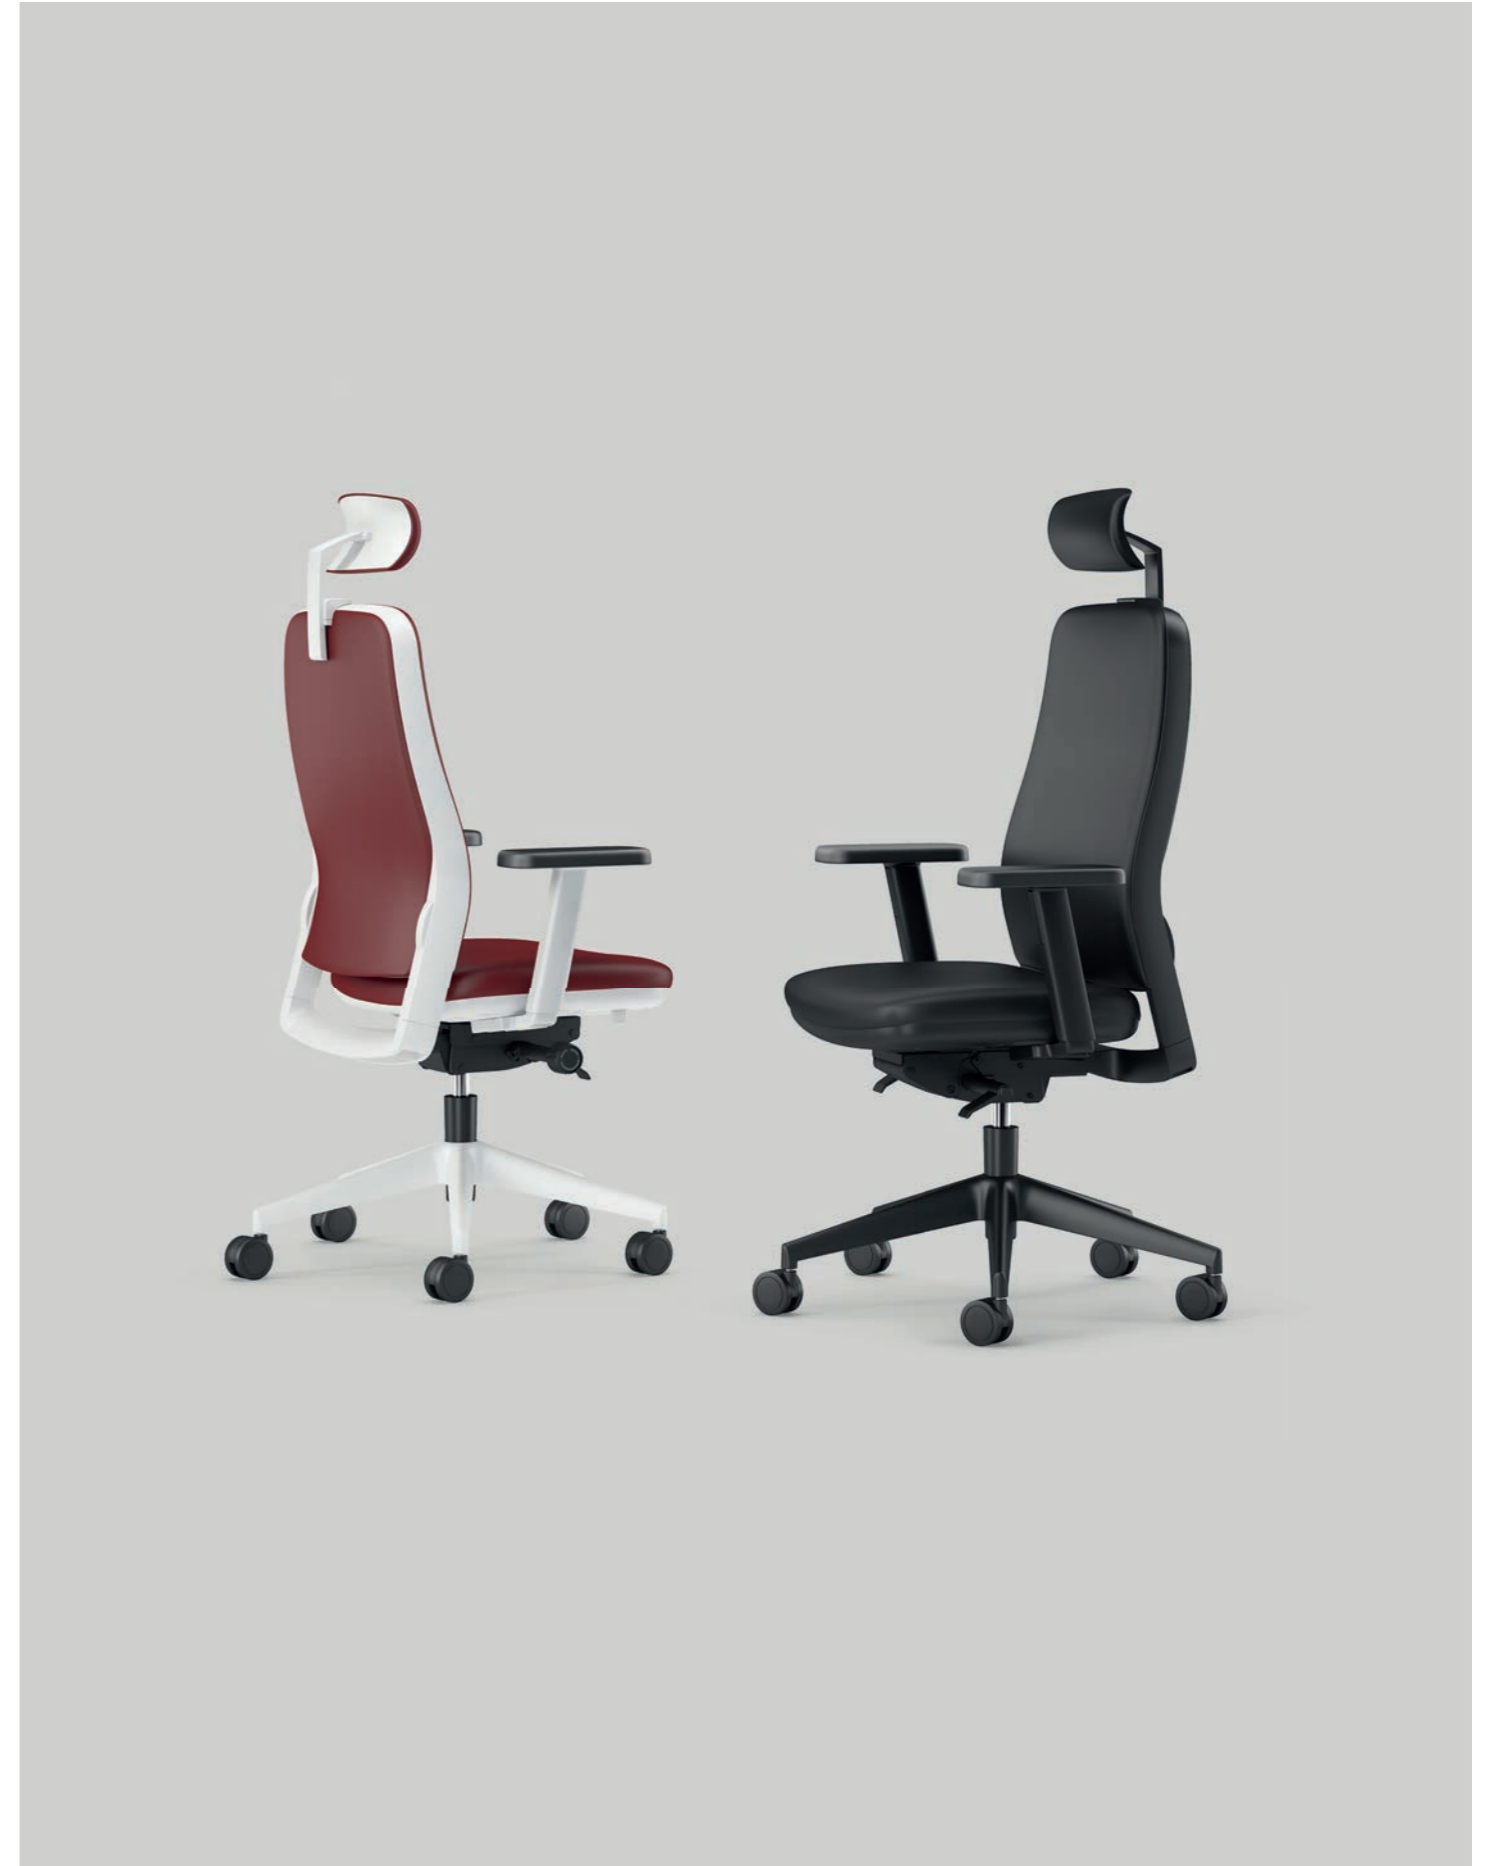

Dall'incontro tra estetica e versatilità nasce Kilig, poltroncina operativa che unisce stile, funzionalità e performance. Il design è minimal, con linee semplici e pure che si sposano con un'ampia gamma di finiture, così da adattarsi a qualsiasi esigenza estetica. La versione con schienale imbottito integrato nello spessore del profilo in polietilene assicura un comfort da poltrona direzionale, così come i braccioli con regolazioni 4D, il meccanismo sincronizzato e il traslatore di sedile.

Kilig was born from the encounter between aesthetics and versatility: an operative chair combining style, functionality and performance. Minimal design, with simple and pure lines combined with a wide range of finishes, adapting to any aesthetic requirement. The version with padded back embodied into the thickness of the polyethylene profile grants the comfort of an executive chair as much as the armrests with 4D adjustments, the synchronized mechanism and the seat slide.

Kilig est né de la rencontre entre esthétique et polyvalence: un fauteuil opératif qui allie style, fonctionnalité et performance. Son design est minimal, avec des lignes simples et pures qui se combinent avec une large gamme de finitions, afin de s'adapter à toute exigence esthétique. La version avec dossier rembourré intégré dans l'épaisseur du profilé en polyéthylène assure le confort d'un fauteuil de direction, tout comme les accoudoirs à réglages 4D, le mécanisme synchronisé et la translation de l'assise.

PIPER
/'paɪpə/

DESIGN: S.I. DESIGN STUDIO

Piper è una sedia operativa comoda e adatta a tutti: è dotata di un meccanismo autopesante, che adegua la portata in base all'utilizzatore. Lo schienale in polipropilene forato, nelle varianti bianca o nera, è fresco e traspirante, adatto a ogni stagione: su richiesta, è possibile rivestirlo in tessuto o ecopelle per un maggiore comfort.

Piper is a comfortable task chair suitable for everyone: it is equipped with a self-weighting mechanism, which adjusts the capacity according to the user. Its perforated polypropylene backrest, in white or black finish, is fresh and breathable, good for every season: upon request it may be upholstered in fabric or eco-leather for greater comfort.

Piper est une chaise de travail confortable et adaptée à tout le monde, équipée d'un mécanisme auto-pesant, qui ajuste la capacité en fonction de l'utilisateur. Son dossier en polypropylène perforé, dans les variantes blanche ou noire, est frais et respirant, bon pour toutes les saisons; sur demande, recouvert en tissu ou simili cuir pour plus de confort.

MIRAI

/ Mi:rai/

Mirai è una sedia operativa classica che nasce dall'unione tra una seduta morbida, ideale per l'uso prolungato, e il tradizionale retro in polipropilene. Si completa con diversi meccanismi, dal movimento up-down dello schienale alla regolazione sincronizzata con traslatore di sedile. L'uso di una plastica chiara rende la poltroncina attuale e contemporanea, adatta anche ai contesti di lavoro più informali. È disponibile in tre misure, la maggiore delle quali, unita al poggiatesta, ne fa una poltroncina semi-direzionale.

Mirai is a classic task chair, made from the union between a soft seat, ideal for prolonged use, and the traditional polypropylene back support. It features several mechanisms: from the ratchet backrest to the synchronized adjustment with seat slide. The use of a light colored plastic makes it a current and contemporary armchair, also suitable for more informal work contexts. It is available in three sizes, the largest of which is combined with a headrest, to become a semi-directional armchair.

Mirai est une chaise de travail classique née de l'union entre une assise souple, idéale pour une utilisation prolongée, et la coque traditionnelle en polypropylène. Complétée par divers mécanismes, du mouvement up-down du dossier au réglage synchronisé avec translation de l'assise. L'utilisation d'un plastique de couleur clair rend le fauteuil actuel et contemporain, aussi bon pur des contextes de travail plus informels. Disponible en trois tailles, dont la plus grande, associée à l'appui-tête, devient un fauteuil semi-directionnel.

Le stesse caratteristiche della sedia operativa Mirai ma con retro e base neri, per una soluzione dall'estetica più tradizionale.

The same features as the Mirai task chair but with black back and base, for a more traditional aesthetic solution.

Les mêmes caractéristiques que la chaise de travail Mirai mais avec dossier et base noirs, pour une solution esthétique plus traditionnelle.

Mirai 24 è una seduta operativa progettata per l'uso intensivo, secondo i requisiti previsti dalle normative europee. I braccioli in alluminio sono regolabili in altezza e la base in alluminio integra le ruote con freno. È dotata di meccanismo syncro multiblock con antishock.

Mirai 24 is an operative chair designed for intensive use, according to the requirements of European regulations. Its aluminum armrests are adjustable in height and the aluminum base embodies 5 castors with brake. It is equipped with a multiblock synchro mechanism with antishock.

Mirai 24 est une chaise opérative conçue pour un usage intensif, selon les exigences de la réglementation européenne. Les accoudoirs en aluminium sont réglables en hauteur et la base en aluminium intègre des roulettes avec frein. Il est équipé d'un mécanisme synchro multiblock avec antishock.

NAMI

operative task chairs

work spaces

NAMI

NAMI

/Naa-Miy/

Nami è una poltroncina operativa dall'aspetto contemporaneo. Merito della possibilità di combinare due colori diversi per fronte e retro, delle forme morbide che ricordano un'onda e di una meccanica semplice ma completa, con oscillazione e possibilità di bloccaggio in diverse posizioni.

Nami is a task chair with a contemporary look. This is due to the option of combining two different colors for front and back, the soft shapes reminiscent of a wave, and a simple but complete mechanism, with oscillation and the possibility of locking in different positions.

Nami est une chaise de travail au look contemporain. Ceci grâce à la possibilité de combiner deux couleurs différentes pour l'avant et l'arrière, aux formes douces rappelant une vague, et à un mécanisme simple mais complet, avec oscillation et possibilité de verrouillage dans différentes positions.

YUGEN

/yu-gen/

DESIGN: PAOLO SCAGNELLATO & JEREMIAH FERRARESE

Yugen è un programma di sedute multiuso pensate per arredare gli spazi della collettività, dalle aree lounge di un aeroporto agli auditorium. Il segreto della sua trasversalità è la possibilità di ottenere tante configurazioni diverse, grazie agli optional come la tavoletta scrittoio, i braccioli, le ruote e gli accessori di congiunzione, inclusa la versione su panca fino a quattro posti. Il contrasto tra schienale avvolgente e linee rigorose e l'ampia gamma di finiture disponibili per le plastiche e le strutture in metallo ne fanno una seduta dalla spiccata identità, qualsiasi sia la configurazione scelta.

Yugen is a multipurpose seating program designed to furnish community spaces, from airport lounge areas to auditoriums. The secret of this transversality are its many configurations, including the version up to four-seater bench, thanks to options such as writing tablet, armrests, castors and connecting accessories. The contrast between the wraparound backrest and strict lines and the wide range of finishes for plastics and metal structures render Yugen a chair with a strong identity, whatever the configuration chosen

Yugen est un programme de sièges polyvalent conçu pour meubler les espaces collectivité, des salons d'un aéroport aux auditoriums. Le secret de sa transversalité est la possibilité d'obtenir de nombreuses configurations différentes, y compris la version sur banquette jusqu'à quatre places, grâce aux options comme la tablette écriteoire, les accoudoirs, les roulettes et les accessoires de liaison. Le contraste entre le dossier courbé et les lignes rigoureuses avec la large gamme de finitions disponibles pour les structures plastiques et métalliques en font un siège à la forte identité, quelle que soit la configuration choisie.

LAGOM
/lâ :gom/

DESIGN: PAOLO SCAGNELLATO & JEREMIAH FERRARESE

Lagom è una parola che descrive una filosofia di vita ispirata alla moderazione e all'equilibrio - la stessa che ha guidato la progettazione di questa sedia, che per le sue linee semplici e la possibilità di essere configurata in vari modi risulta molto versatile. La seduta monoscocca è disponibile in legno naturale, completamente imbottita oppure in legno con pad sedile rivestito. La gamba a compasso ne assicura la facile impilabilità. Accessori opzionali come la tavoletta scrittoio e l'accessorio di giunzione tra sedute la rendono ideale nei contesti da dedicare alla formazione e al training; la possibilità del montaggio su panca ne fa la perfetta soluzione per spazi d'attesa.

Lagom is a word meaning a life philosophy inspired by sobriety and balance - the same that guided the designing of this chair. Lagom is very versatile due to its simple lines and to the possibility of being configured in various ways. The monocoque seat is available in natural wood, fully upholstered or wood with upholstered seat pad. The compass legs ensure an easy stacking. Optional accessories such as the writing tablet and the linking device are ideal for training contexts, while benching options are perfect for waiting areas.

Lagom est un mot qui décrit une philosophie de vie inspirée par la modération et l'équilibre - la même qui a guidé la conception de cette chaise, qui, grâce à ses lignes simples et la possibilité d'être configurée de différentes manières, est très polyvalente. Le siège monocoque est disponible en bois naturel, entièrement rembourré ou en bois avec coussin d'assise rembourré. Le pied compas assure un empilage facile. Les accessoires en option tels que la tablette écriteoire et le crochet de jonction la rendent idéale dans des contextes dédiés à l'éducation et à la formation; la possibilité de montage sur poutre en fait la solution parfaite pour les zones d'attente.

SORI

/so·ri/

Poltroncina dalle linee essenziali ma dalla forte personalità, Sori è resa vivace dalla combinazione tra colori diversi per la parte anteriore e per quella posteriore. Sedia d'attesa nella versione con telaio a slitta verniciato bianco o nero, si trasforma in seduta semi-direzionale se abbinata a braccioli e base con ruote.

Armchair with clean lines but with a strong personality, Sori is brightened by the match of different colors for front and back. Waiting chair in the sled frame version, painted in white or black, it turns into a semi-executive chair when combined with armrests and base on castors.

Fauteuil aux lignes essentielles mais à forte personnalité, Sori est animé par la combinaison de différentes couleurs pour l'avant et l'arrière. Chaise d'attente dans la version avec structure luge peinte en blanc ou noir, elle se transforme en siège semi-direction lorsqu'elle est combinée avec des accoudoirs et une base à roulettes.

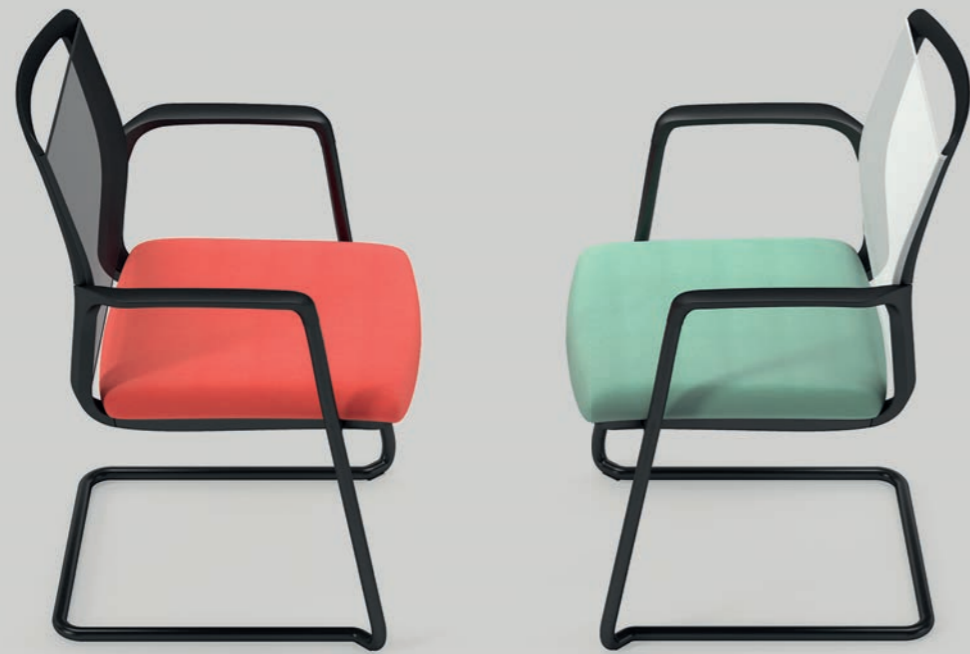

HOLA
/ 'ola/

DESIGN: S.I. DESIGN STUDIO

Hola è una reinterpretazione della classica poltroncina d'attesa con schienale in rete dalle linee pulite e contemporanee. Perfetto complemento delle poltrone direzionali e operative, è disponibile con telaio a slitta verniciato nero o cromato, nelle varianti con rete bianca o nera, sempre con comodo sedile imbottito.

Hola is a reinterpretation of the classic waiting mesh back chair with clean and contemporary lines. Perfect match for executive and task armchairs, it is available with a black or chrome sled frame, in two variants with white or black mesh, and its comfortable padded seat.

Hola est une réinterprétation de la chaise d'attente classique avec dossier en résille aux lignes épurées et contemporaines. Complément parfait pour fauteuils de direction et opératifs, disponible avec une structure luge noire ou chromée, dans les variantes avec résille blanche ou noire, toujours avec une assise rembourrée confortable.

KLIC

sedie e collettività *guest and community chairs*

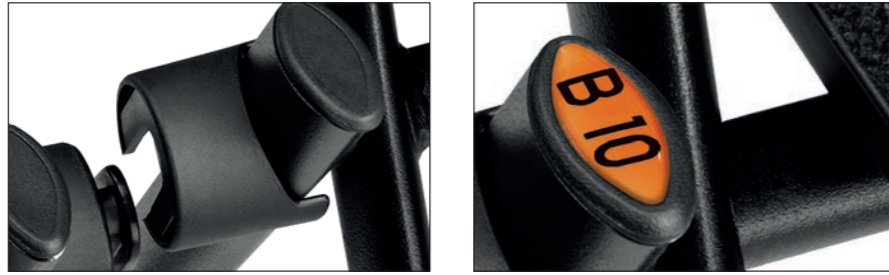

KLIC

/klik/

work spaces

KLIC

Il nome di questa seduta allude alla sua caratteristica principale: la velocità di apertura e chiusura del sedile ribaltabile. Leggera e impilabile sia orizzontalmente che verticalmente, Klic è dotata di una comoda seduta imbottita. Si completa con tavoletta scrittoio e cestino portalibri, accessori che la rendono adatta a contesti dedicati al training e all'apprendimento. È inoltre agganciabile e numerabile, per facilitarne la disposizione in file.

The name of this chair refers to its main feature: the quick opening and closing of the folding seat. Lightweight and stackable both horizontally and vertically, Klic is equipped with a comfortable padded seat. It is completed with a writing tablet and magazine basket, accessories that make it suitable for contexts dedicated to training and learning. It can also be linked and numbered, to facilitate its arrangement in rows.

Le nom de ce siège fait allusion à sa caractéristique principale: la vitesse d'ouverture et de fermeture de l'assise rabattable. Léger et empilable à la fois horizontalement et verticalement, Klic est équipé d'une assise rembourrée confortable. Il est complété par une tablette écriteiro et un panier porte livres, des accessoires qui le rendent adapté aux contextes dédiés à la formation et l'éducation. Il peut également être accroché et numéroté, pour faciliter son agencement en rangées.

TEOREMA

/teo'rema/

Sedia multifunzionale per gli ambienti collettivi, Teorema unisce comodità e funzionalità. La struttura a quattro gambe o a slitta in metallo, in finitura cromo o verniciato nero, ne facilita l'impilabilità. Lo schienale, comodo e flessibile, è disponibile in plastica bianca, grigia o nera, nella versione traspirante in rete e nella versione imbottita. Tra gli accessori, i braccioli in plastica colorata coordinata agli schienali e la tavoletta scrittoio. Teorema è disponibile anche su trave, dove può accogliere fino a cinque posti.

Multifunctional chair for community environments, Teorema combines comfort and functionality. The four-legged or sled structure in metal, with chrome or black painted finish, makes it easy to stack. The comfortable and flexible backrest is available in white, gray or black plastic, in a mesh and in a padded version. Among the accessories: colored plastic armrests coordinated with the backrests, and the writing tablet. Teorema is also available on a beam, where it can accommodate up to five seats.

Chaise multifonctionnelle pour les environnements collectifs, Teorema allie confort et fonctionnalité. La structure à quatre pieds ou luge en métal, en finition chromée ou peinte en noir, facilite l'empilage. Le dossier confortable et flexible est disponible en plastique blanc, gris ou noir, dans la version résille et dans la version rembourrée. Parmi les accessoires, les accoudoirs en plastique coloré coordonnés aux dossiers et la tablette d'écriture. Teorema est également disponible sur poutre jusqu'à cinq places.

JAMILA

/dʒə'milə/

Grande versatilità per una poltroncina con scocca in polipropilene colorato da abbinare a basi diverse. Il design essenziale e moderno e la comodità assicurata dalla forma a guscio e dal sedile imbottito opzionale ne fanno la seduta ideale in diversi contesti, dalla sala d'attesa alla caffetteria, dalla biblioteca allo spazio coworking.

Great versatility for an armchair with colored polypropylene shell to combine with different bases. The plain modern design and the comfort ensured by the seashell shape and the optional upholstered seat make it the ideal seat for different contexts, from a waiting room to a cafeteria, from a library to coworking spaces.

Grande polyvalence pour un fauteuil avec coque en polypropylène coloré à combiner avec différentes bases. Le design essentiel et moderne et le confort assuré par la forme de la coque et l'assise rembourrée en option en font le siège idéal dans différents contextes, de la salle d'attente à la cafétéria, de la bibliothèque à l'espace de coworking.

ZIP
/ 'zip/

Zip è una poltroncina pieghevole ideale per aule, sale conferenza e auditorium. Corredata di ruote o piedini e attrezzabile con tavoletta scrittoio con movimento antipanico, è una soluzione salvaspazio dall'estetica lineare ed elegante.

Zip is a folding chair ideal for training, conference rooms and auditoriums. With castors or glides, featuring a writing tablet with anti-panic movement, it is a space-saving solution with a linear and elegant aesthetic.

Zip est un fauteuil pliant idéal pour les salles de classe, les salles de conférence et les auditoriums. Equipé de roulettes ou patins, disponible d'une tablette écriteoire avec mouvement anti-panique, Zip est une solution peu encombrante à l'esthétique linéaire et élégante.
